**Blaine Johnson, Commissioner
Weber River Distribution System
1615 E Shadow Valley Dr
Ogden, Ut 84403**

Dear Blaine:

Attached is a copy of a memo I received from Bill Smart who handles the division's M&I water use program. Would you please look into the reason for the difference in the amounts of the use reported by the cement company and let me know what you find out.

Thanks for your help. If you have any questions give me or Bill a call.

Sincerely,

**Lee H. Sim, P.E.
Assistant State Engineer
for Distribution**
